Welcome to SCIFTS' Suppliers' Night Expo

March 12, 2024

The Southern California Institute of Food Technologists Section welcomes you. Our section has held this event for over half a century and we have raised close to twenty million dollars in the process. We take the proceeds from Suppliers' Night Expo to sustain our industry by providing funds to support both students and colleges in the advancement of food science. Our goal is to provide an abundant and safe food supply and, hence, safe and prosperous society.

We would like to encourage you to make use of this Buyer's Guide to help promote the companies who have participated in making inroads to projects and business in your firms. This is a way we can reward them for their contribution to our continued success and our efforts to enhance food science.

We would also like you to look at methods within your own sphere of influence to support our local Universities' Food Science programs. Your knowledge and resources can be a major benefit to schools who are in need during these times.

Sincerely,

Dan Rosson

SUGAR REDUCTION STARTS HERE.

Everyone out there is trying to reduce sugar content in their products in one way or another. As many brands have realized, the best bet to get to the finish line ahead of the competition is to start with Anderson Advanced Ingredients. Materials from AAI ensure cleaner labels, better certifications, better sources, better functionality, better machinability and better taste profiles. When you start with Anderson Advanced Ingredients, everything is better.

MIND & BODY NUTRITIONALS, INC.

Offering Nutraceuticals Designed for Optimal Bioavailability

Using state-of-the-art manufacturing, nutraceuticals are created with improved solubility, intestinal absorption, metabolic transport and cellular uptake of bioactive compounds

Tests have proven the increased bioavailability of the nutraceuticals versus what is currently in the market, some examples are:

*Berberine: 1.25x more soluble with 5x better permeability**

*Curcumin: 98% dissolves in 1.5 hours, versus 5% with 2x better permeability**

*Ellagic Acid: 100% dissolves versus 10% with 100x better permeability**

*Quercetin: 100% dissolves, versus 25% with 11x better permeability**

*Quercetin/Niacinamide: 100% dissolves, versus 25% with 11x better permeability**

*N-Acetyl-L-Cysteine: 12x better absorption**

*Resveratrol: 98% dissolves in 15 minutes, versus 25% in 1.5 hours with 12x better permeability**

Eliot Carmi
1952 - 2023
Honoring A Legacy

Carmi Flavors was founded and established by Frank Carmi in 1980.

Eliot Carmi worked alongside his father, Frank Carmi until his retirement in 1999. Since then, Eliot led Carmi Flavors with his dynamic, strong, and encouraging personality. While tenacious in business, he had an enduring comedic side to him that made people smile. Though humble in his giving, he had a rich philanthropic side to him. He was an avid donor to St. Jude Children’s Hospital, his favorite charity. Through his heavy involvement in the Institute of Food Technologists (IFT), he was able to expand Carmi Flavors’ brand into multiple categories, such as Confection, Bakery, Dairy, Beverage, Sports Nutrition and Nutraceuticals. Eliot’s vision to expand Carmi Flavors’ reach, and continue its premier quality, value and capabilities, will continue through his sons, Jeff and Jason Carmi.
