Welcome to SCIFTS' Suppliers' Night Expo

March 3, 2026

The Southern California Institute of Food Technologists Section welcomes you. Our section has held this event for over half a century and we have raised close to twenty-five million dollars in the process. We take the proceeds from Suppliers' Night Expo to sustain our industry by providing funds to support both students and colleges in the advancement of food science. Our goal is to provide an abundant and safe food supply and, hence, safe and prosperous society.

We would like to encourage you to make use of this Buyer's Guide to help promote the companies who have participated in making inroads to projects and business in your firms. This is a way we can reward them for their contribution to our continued success and our efforts to enhance food science.

We would also like you to look at methods within your own sphere of influence to support our local Universities' Food Science programs. Your knowledge and resources can be a major benefit to schools who are in need during these times.

Sincerely,

Dan Rosson
